scan to watch video

Accurate counterfeit detection

With **Counterfeit Detection Sensor Technology & dual stacker design**, automatically detect & eliminate even superfakes without any stoppages.

Advanced sorting & detection

With advanced German technology, sort issuable & non-issuable notes by detecting fakes, taped, solid, graffitied, holed, teared & misoriented notes.

Scan & Record serial numbers

With **Twin CIS sensor & CMTS** (Currency Management Tools Software), scan, record and print serial numbers of each bank note with ease.

*Also available in Matrix 8120 V

Next generation technology

Connect to network with the optional **Smart Central Monitoring System (CMS)** & upgrade from a single point location without hassles.

*Also available in Matrix 8120 V
